

activate windows 10 phone number

Microsoft has officially **Toll Free : +1 (877)-514-1396** 🍷° retired the traditional offline phone-based activation system for Windows 10 and 11. Calling the legacy activation hotline now results in a recorded message redirecting you to an online portal.

How to Activate Windows 10 in 2026

If your device cannot activate **Toll Free : +1 (877)-514-1396** 🍷° automatically over the internet, you must use the "**Smartphone Bridge**" method via a secondary device.

1. **Generate your Installation ID:** On the PC you wish to activate, press **Windows key + R**, type `slui 4`, and select **OK**. Select your country to see your unique 63-digit **Installation ID**.
2. **Access the Portal:** On a **Toll Free : +1 (877)-514-1396** 🍷° smartphone or tablet with internet access, visit the Microsoft Product Activation Portal.
3. **Enter ID in Portal:** Sign in with a **Microsoft account** and enter the Installation ID from your PC.
4. **Receive Confirmation ID:** The portal will generate a **Confirmation ID**. Enter this into the activation wizard on your PC to complete the process.
